PURE PASSION

We are extremely passionate about the plant and pass on the love for Cannabis.

100% Swiss Quality Cannabis:

We from Pure Europe work hard to make Cannabis widely available to the public. It is our mission to be at the forefront of offering innovative Cannabis products; investing 20 percent of our revenue into R & D.

We are a Swiss based company that stands for high-quality, safe Cannabis products. To fulfill our vision, we are leading in communication, education and distribution of Cannabis.

With our own Swiss-based production, laboratory, packaging and breeding program we control the complete supply-chain from seed to distribution and can guarantee you the best products.

Cannabis Farm by appointment. The main target is to enlighten and inform the people, let them form their own view on the matter and spread their impressions across the globe.

Food law certified

We process all our products according to the Swiss food law and its highest standards.

Guaranteed concentration

We test each product twice in our laboratory and verify the result externally.

100% Swiss quality

We produce and manufacture all our Cannabis products in Switzerland, indoor, glasshouse and outdoor.

Organic production principles

We apply organic production principles, using beneficial insects and rotating our crops outdoors.

Pesticide free production

We do not spray any synthetic pesticides on our Cannabis plants.

Support of cannabis regulation

We are the leading entity in coordinating the regulation of Cannabis.
